AUTO SELF CLEANING

**Long Life Cell**  
25% Longer cell life

For You and Planet Blue.

# BWT LSC Chlorinator

AUTO SELF CLEANING

## Chlorine Generation

Salt/mineral chlorination creates a soft, silky feeling in the water without using harsh chemicals. It's safer, healthier, easier to use and more economical. That's why it's the most popular method of pool sanitation in the world.

## The Micro-Computer

Intelligent yet simple. Using the latest digital technology, the micro-computer allows you to touch-in your commands and let the auto-pilot guide your pool through summer. The LCD back-lit display makes using the menu a breeze. Once you have entered your settings, the micro-computer will do the rest, managing the chlorine output in a range of climatic conditions.

## Long Life Cell

The BWT LSC Chlorinator range has an extra-large cell and a lower current density. This means less load per cm<sup>2</sup> of cell plate, resulting in the cell lasting up to 25% longer.

## Features

- Easy to use menu
- High salt/mineral indicator
- Smart micro-computer controller system
- Precision adjustment of chlorine output to 1%
- Back-lit digital LCD display
- Auto-pilot mode so you can sit back and relax
- Intuitive navigation buttons
- Automatic power reduction when salt or mineral level is too high
- Automatic self cleaning (reverse polarity) on all models - low maintenance
- Run dry pump protection
- Water temperature reading
- Salt/mineral level test function
- Super chlorinate mode for high use periods
- Backwash function for media filters
- Spa mode setting: automatically resets chlorine output to 10%
- Super capacitor backup on timer, (no batteries to replace)

| Model      | Chlorine production grams per hour | Maximum pool size, NZ |
|------------|------------------------------------|-----------------------|
| BWT LSC-15 | 15                                 | 40,000                |
| BWT LSC-25 | 25                                 | 70,000                |
| BWT LSC-35 | 35                                 | 100,000               |
| BWT LSC-50 | 50                                 | 130,000               |

**Warranty:** The BWT LSC Chlorinator is backed by a comprehensive 5-year warranty on the power pack and 5-years or 12,000 hours on the cell, (whichever comes first).
